1. This memorandum contains a recommendation submitted for approval of the Special Assistant to the Director for Planning and Development. Such recommendation is set forth in Paragraph 6.

Eastman is being authorized to study and conduct tests for a Tuffcoat film device. This work is to be conducted under Contract No. FO-660 and is estimated to cost less than \$5,000. Project CHALICE funds are obligated on this contract and will be utilized. However, costs are to be segregated in order to make later adjustments with CORONA funds if it is warranted.
